# Prologue

I picked this up because I was a little bored, it's a side project so I'll be doing it in my free time, I'll focus Grassland until the end of its first arc.

---

## Prologue

I grasped the controller and clung to the screen before me.  
I'm playing an open world game with a lot of freedom in the fantasy world by myself.

「Haa、 the Demon King is so weakkkkk ! ! I fought barehanded while being naked and yet it was still an easy win」

This game's degree of freedom stretches to having no upper limit for status. However, game balance isn't bad.

「Haa、 don't become something pathetic。」

Right. I seemed to overdid it.  
When the game went on sale 12 years ago, I was a second year middle school student.  
Now I'm a working adult.

I love games, I went through various games, but in the end I settled down in this game.  
This game is only played by retro game lovers, yet I'm still playing it now.

Recently VRMMO is getting popular, but honestly it doesn't fit me.  
Because people gets over enthusiastic, and get lost in the boundary between game world and reality.  
I'm scared to get accustomed to a light body.  
I'm scared to hit a person.

I'm pretty much scared of the VR system. I doesn't suit me.

With that being said, the old non-portable game machine for offline open world fantasy game is what I'm playing.

「Haa. It'd be preferable if I can completely step into the game world」

Not virtual world, but complete game world.

Well that's not game world, but fantasy otherworld is what it should be called.

I heaved a sigh with that reckless remark while playing with the controller.

Tomorrow's a holiday. Well let's indulge in the game.

At that moment.

「Guwaaaaaaa ! ! !」

A pain throbbed inside my heart.

My consciousness became distant.

Ah, I don't wanna die.

I was enjoying this life. I wanna play games more.

I wanna raise my status even more.

Next time I wanna one-shot the Maou.

Hahaha, my regrets are all about game.

I might have lied to myself until the very last moment. No, I've been lying.

The world shut down into darkness, I felt like my body's swinging.

Where、 is this ?

『This is the interstice of worlds、 your wish led you here。』

Eh ? Did I die ?

『Yes. You died of a heart attack. 』

I heard a voice. When was it, I'm quite sure it was before...

『You're asking the God's Stardust are you. In a new world. A new life. And a new livinghood is waiting for you. Now go』

A white light shone.

Right. I remembered now.

It's from when I first played this game 12 years ago.

The opening at that time.

That's right, it's the narrator voice. It's a famous seiyuu-san. (TN: Seiyuu = voice actor/actress)

Then my consciousness once again vanished.

# 1 Waking

Funny chapter incoming

---

## 1 Waking

I opened my eyes.  
Has everything I've seen until now been a dream.  
There's also this headache and nausea. Was I sleep-walking.

I can't move my body seems like I've been restricted somehow.

I closed my eyes when that light shone, but I got used to it gradually and opened my eyes.

It was dim, and I can also hear faint noises.

「Babubabubabubabuuuu」

This is strange. I can't speak.

Even if I tried to talk I couldn't pronounce really well.

At that moment.  
Somebody looked into me.

「Ren-samaa...uu、 what a relief、 it was effective...with this I kept my promise Firene-sama...」

A woman wearing maid uniform, she said while sobbing.

Ren ? That's my name inside the game.

Did I really reincarnated into the game?  
It's a second life, I'd like to make decisions carefully. I'd like to get a girlfriend and get married in this world now.  
Not only game, but I also want to read books.

It won't be the end just growing up, I wanna die without any regrets.

「Ren-sama...is everything okay ? 」

Somehow the maid, now not crying at all, is making a worried face.

She wiped the tears with her maid uniform's sleeve, then started to unbutton her clothes.

Dangerous. Dangerous.

She already unbuttoned the 4th one, her sexy underwear was shown except for here.

As she took off her underwear, there was an indecent aroma. I'm a virgin so the stimulation was too strong.

Without any clothing on, her white skin and pink nipples were seen. On top of that its size was extra-large.

She gently grab a hold of my head, my head was pressed into her chest.

「Drink a lot okhay 」

She said it in a baby-talk way.

Using my tiny hands, I touched her white big tits, and clung to it to my heart's content.

My mouth felt the lewd-looking pink colored nipple from earlier.

This is the first time I feel up a woman's breast.

I didn't think it was this beautiful.

This contrast of pink and white is art.

I sucked the nipple with all my might, white breast milk overflowed from the breast.

Once again, I sucked with all my might.

「Ah、 ann♡nn...aaaa♡nn〜♡ 」

Delicious.

It was a curt taste, but the simple taste can be called quite exquisite.

Ah, this hasn't been my food for a while.

For the sake of filling up my appetite I didn't separate and sucked strongly.

「Aa、Ren-sama、nn ! You're quiiiiite♡ann aa、earnest aren't you ? 」

You're feeling it huh? This perverted maid.

After that I entered a trance of being breast-fed.

After a while, time for breast-feeding came to an end, she exited the room.

But, seems like there's another person in this room.

Right, there's another baby in this room aside from me.

The maid earlier called this baby Lisa.

Perhaps, I'm not that maid's child. Is she the so-called nurse-mother ?

Then that baby named Lisa is also not that maid's child, is what I'm guessing.

Ah...

「Ababububabuuuuuuu 」

I cried with all my might.

It's not tears of joy, it's just that my butt is kind of smelly.

Haa, taking care of babies sure is troublesome.

---

◆ Did you enjoy the maid tits sucking? Lmao...maybe you didn't but I did, I think it's hilarious.

## 2 Memory of the past

### Memory of the past

Around 3 years after I reincarnated into this world.  
I become able to crawl, to stand up, and walk.

Then, more than just that, what kind of world is this one. And then  
I grasped the situation that myself is being in right now.

This world is a world that looks the same to the game world, that  
much isn't wrong.

But, in the game, the details of the world were not granted.  
Because, 「Mysterious Fantasy World」 is the theme of the game,  
that's why for the sake of expressing the difference between  
mysteries and reality, it was vague and arbitrary.

Properly speaking, if one listened to the explanation, each person  
can enjoy themselves. (TN: 良く言えば、解釈を受け手側に取りらせ、  
人それぞれの楽しみ方が出来る。) Well, badly speaking, the setting  
is irresponsible.

Of course, things are secured regarding the system, but the story  
itself is a mess.

It's a good thing that there's no story.

I tried looking at this world's map, but there isn't one single same  
country with the game.

『Hero Country Eiyusta』, in the game it was called 『Beginning  
Country Eiyusta』.

「Ren-sama, quickly go to bed or monsters will come out」  
「Let's sleep together～」

As I blankly thought about things, the maid nursing mother

Shalleze-san and my step-sister Rim's voices could be heard.

「Un got it」

Together with the baby-like answer, I went to the bed.  
With the momentum I clung to Shalleze-san.

Her soft breasts hit my face. (TN: Hahahaha Mushoku Tensei...  
fucking Rudy)

I think if this wasn't a baby body it'd be extremely dangerous.

「It's not fair huggin' just mom」

My step-sister Rim clung to my back.

I'm not a lolicon so I didn't think about anything, but her future is promising.

Rim is nursing mother Shalleze-san's daughter, we drank the same breast milk so it seems like we're breast-siblings. (TN: Is that even a term? lmao)

Seems like she's been determined to become my servant in the future.

She inherited Shalleze-san's blood, so there's no mistaking that she'll become a beautiful woman.

「Let's read a book before going to sleep」

She picked out a book near the pillow she prepared, and started reading out loud.

「One day, a hero was called by the God's stardust, he came to Eiyusta Kingdom.

At that time, humans were scared of many scary monsters, they cried.

That's right.

The Demon King was released from his 500 year sleep.

To defeat the Demon King, the Hero gathered his comrades and went to the Demon King's castle.

After many hardships, they arrived at the Demon King castle, it was the decisive battle.

Even though himself is worn out, the hero kept fighting the Demon King.

Then, at the very end he successfully sealed the Demon King. And they lived happily ever after. 」（TN: BULLSHIT LMAO）

「I also wanna be like a hero 」（TN: BULLSHIT LMAO）

「Me too 」（TN: BULLSHIT LMAO）

「You will definitely be. Now let's sleep 」（TN: BULLSHIT LMAO）

Shalleze-san put out the magic light.

The fairy tale just now, it was the same to Momotarou and there's no one that doesn't know about it, men or women of all ages, poor or rich, everyone knows no matter who you asked.

Then, I also know the true colors of that heroic figure.

In the game, hero equals players.

No matter how many times you come to the castle and fight the Maou, it seems you can never completely defeat him.

According to the person who scripted the game,

「Maou can only be sealed, Maou is certainly the strongest, it's a setting of immortality.

I thought of making a skill to kill the immortal but I failed *laughs* 」（TN: BULLSHIT LMAO）

Is what he said in an interview.

Don't tell me, I didn't think that would be reproduced in this place.

Back to the main subject. In short, this world's future is going to be the story earlier isn't it.

If you look from the present it's already in the past.

Ah, I'm going to sleep.

A child's body is troublesome, we sleep early here.

Right now it's around 8 o'clock in the evening.

As I recognized the time my consciousness faded away.

### 3 Taking over

Finally we got back to Game World.

---

#### Taking over

It's been 2 years.

My daily life went on in peaceful silence without any changes.

During that time I confirmed something unbelievable.

It's about me taking over the control of game status.

Over thousands of magic and unbelievable status numbers.

Since reincarnated to an otherworld, it wasn't possible to inspect the status because the 「Menu Screen」 didn't open.

But, I could use it. Many many powerful spells from the game are usable.

Also, it's also possible to use skills.

Because I can't see the status screen, I can't confirm if I took over the control of everything's status, but for now I confirmed about skills and magic.

Me, Shalleze and Rim, the three of us live deep inside the mountains.

I don't know the way of the outside world so I can't even guess.

Since it doesn't seem like the game world is perfectly imitated, I want to carefully collect information about what kind of experiences out there.

Because I'm basically being observed by Shalleze-san, I can't use too many large-scale spells.

「Speaking of which, Ren-sama will be 6 years old soon. How about we start learning about magic ? 」

Shalleze-san spoke to me.

Isn't that good news to my ears, it's the best timing.

Magic and skills universally exist as something ordinary in this world.

This whole 5 years, I've only been living inside this small world, so as far as I'm concerned I didn't know of the feeling of a fantasy world.

「I want to ! I want to do that ! Shalleze-san ! 」

「Please stop putting the 'san' in there. Shalleze is good enough 」

A smile floated on Shalleze-san's face.

「Please wait for a moment 」

「Yees 」

Haa. I got used to it, but it's kind of disgusting acting like a child all over again.

Shalleze came back.

She was holding a crystal in her hands.

「That is ? 」

「It's a crystal to measure magical power. If you put your hand on it we'll now how much magical power you have. 」

Saying so, Shalleze put her right hand on the crystal.

The transparent crystal turned blue.

「Is blue good ? 」

「Yes. It's Third rank. But well, it's because I have mixed blood of elf... 」

N ? That's the first time I heard that. No wonder she's always

youthful.

Indeed, the setting is that Elves possess great magical power.

「Then、Ren-sama please try putting your hand on it。」

I put my hand on the crystal but, I was hesitant.

There wasn't this kind of item inside the game.

I thought this a new development since there's no Menu screen.

My level was high, my magical power was also a lot.

I don't know how much have I in this world, but it's probably won't be on the top.

As one forge his status, there will be this skill called 「Disguise」.  
I did use that.

I have no idea if it's taking effects, but right now let's do it.

I put my hand on, and the crystal shone green.

「A、Amazing...you're indeed the child of that person、uh、no、amazing desu」

Shalleze-san obstinately don't talk to me about my parents.

I can't investigate too much, but when I became an adult I want to clear it up.

Green is Fourth ranking it seems. My status with 「Disguise」 seems pretty high.

Yet it turns to green?

I'll ascertain about that later. I already touched the crystal.

「Speaking of which、Rim is？」

「Ah、I think that girl is pursuing swordsmanship.  
She talked about becoming a master swordsman...」

Since Shalleze-san was originally a magic user, there are some

things come to mind it seems.

「 She's just like that person 」

She murmured quietly. Her face had a somewhat sorrowful expression.

「 I don't know much about swords、 but if it's magic then I can teach you a lot of things、 Ask me if you have any questions okay. 」

「 Yes 」

「 Then、 let's begin。 I'll be strict okay 」

I began magic education accordingly with Shalleze-san.

◆ Kininaru's author hasn't been updating, so pls don't ask me why no Kininaru next hahaha

◆ There are currently 10 chapters of Game World including Prologue, this author is also not updating...sighh...

## 4 True nature?

No titsponge, too bad.....

---

### True nature?

It's around the time when I'm 6 years old.

「Then this is it for today」

After magic education, I was damped with sweat so I needed to enter the bath.

Since we practiced magic in open air, it's painful today as it's a hot day.

Rim also just returned home from sword training.

It seems like there's an elderly couple living in the neighbor called 「Blades of Twin Swords」, she received guidance from there.

「Then let's all go together today after a while」

Shalleze-san said so.

Rim replied 「Got it」.

「U、Un」

I replied with a somewhat shaky voice.

My sexual desire isn't gushing forth too much yet, but there's some left to a certain extent.

Entering the bath house, I took off my clothes.

Rim energetically moved around, taking off her clothes.

Since I'm not a lolicon, it's not a particular problem.

The problem comes after this.

Shalleze-san's body is considerably erotic.

Shalleze-san took off her magician robe, her simple-looking sweater came into view.

Her huge breasts were emphasized from under the sweater, her body lines were completely visible.

Crossing her hands, she seized the hem of her clothes and lifted them up.

As her huge breasts got flared up suddenly, she took it off quite violently, two lump of flesh shook up and down.

Next, her underwear was exposed, it can be said that her black bra tightly glued to her.

She unfastened her bra, and took off her skirt.

Her black panties were seen.

It was blocked with this one piece of cloth. (TN: Pretty sure he's talking about the kitty)

Taking off her panties, her light brown pubic hair was completely visible.

Her pubic hair was thick, but on the other hand it was tempting.

「Then let's enter the bath」

Rim quickly washed her body on her own. Her behaviors have changed since she started to learn swordsmanship.

Seems like she's forging her martial arts spirit.

「Then、I'll wash Ren-sama okay♡」

「P、Please do」

Shalleze applied soap throughout her body, then bubbled it.

Her light brown pubic hair is also dyed in white of the bubbles.

Shalleze hands washed my whole body as if licking.

Because of a sudden hit by the voluptuous breasts from behind, my heart banged inside my chest.

「It's about time we wash here too」

Shalleze-san's eyes concentrated on my crotch.

All the while having a broad smile.

I felt slightly sorry thinking about if it's fine for her to do things to this extent as a foster mother that's making up for my real mother.

However, that feeling completely fell off like dirt.

Being cover with her right hand, my skin was peeled. (TN: You Horror fans, please, this is penis foreskin LOL)

My genital area was hidden by Shalleze-san's hand.

Her slender fingers twined around my still small genital and gently stroked it.

Aaaa, it feels weird.

It was slimily covered with soap and made clean.

「It's really unclean. From now on you need to wash it everyday you know. On top of that your foreskin is tightening and not peeling」

「Eh、b、but」

「This is also the job of a maid」

She talked back with a forceful tone.

Shalleze-san's gentle hand wrapped up my crotch, it was made clean.

「There's a lot of penile smegma、it's really dirty」

She tightened her grip, and began rubbing it.

She also spread bubbles to below my balls.

「 Here too...right 」

Some skin was peeled off until it became clean.

「 Fufufu...Ren-sama became big 」

Before I knew it, that place grew bigger.

「 Sorry。 Because I'm experienced ♡ when that time comes there will be lots。 Ufu... 」

Shalleze used her lips, and gently kissed my thing that has become big, she was having a mischievous smile.

「 Taking a bath always feels good 」

「 Though you didn't move around 」

I murmured and Rim flared up back at me. She seems to have a sense of hostility for magic for some reasons.

「 Well it's hot so I also sweated you know 」

「 That's right Rim。 It consumes physical strength when invoke magic 」

「 Hmph。 」

Rim puffed out her nonexistent chest.

She just began to aim at becoming a master swordsman, yet she already have a strangely high pride.

A prideful female warrior...yeah not bad. I look forward to her future.

---

◆ Yeah, I know. Elf + Maid = LEWD.

## 5 Light

Many feels in one chapter.

---

### Light

「O'Flames, dance」

Because words are a great thing, the emotions deep inside my heart was reflected, not by just the inside, but also the outside world as well.

Even back in my previous world this theory is popular, words influence the world.

However, in this world it don't just indirectly, but directly effect. The soul is changed by the method of words, sometimes it's changed by the method of natural phenomenon.

Here, look at this. A red flame extended in front of me.

「Vanish」

With those words the flame before me dispersed.

Right now I'm considerably used to it already, but I'm always wrapped in a strange sensation while using magic.

The feeling of exhaustion, and more than that, it felt like my soul was extracted. In reality the soul is actually turned into magical power, so it's an expression of when magical power is turned into magic.

「It's okay. It doesn't feel good at first, but if you reached my level, it'd reversely feel good even if you go further than that.」  
(TN: In other words, get on my level, scrub!)

Shalleze-san's half-joking words was heard.

I think she's been putting in efforts all this time.

「O'Gentle breeze、scatter the leaves」

Then, the air blew, flipping Shalleze-san's skirt.

「White...huh」 (TN: Oi, Jumuka, come get your twin!!)

From the standpoint of being able to use magic, the important thing is the image in your mind taking shape of the output magic. Words is a method to output the image, a strong image can also be reflected, except for when you have another intention.

If you ask me if I want to say anything, I'll say sexual desires are frightening.

「Ren- sama、if、if it's me then、you can look as much as you like you know。 If there's a chance then the contents inside \_\_\_\_\_」 (TN: Yeah, pretty much the vagina -\_-)

「Shalleze-san、how was the magic just now？」

I asked as if interrupting her.

「Very skilled。 Not even in their dreams can Imperial court magician do that。 」

I ignored her flattery, but I pretended to be happy.

「Whoohoo」

Now that I think about it, that was an answer with no ambition.

I heard from an actor that a fake laugh is harder to pull off than fake tears, but to me faking rejoice is harder than anything else.

Shalleze-san put her hand on my head, and patted me

「As one would expect、that's my Master。 You've grown splendidly」

Or so she said.

I never got praised back in the previous world. The things I heard were consecutively boo's and bellow.

That's right.

I got so into games because I wanted to escape the unpleasant memories.

Why、 how could I forget such an important matter ?

I've always been scared. I ran away from those people.

I was also about this age, I was hit and got bone fractures.

Why did I forget ?

All the way until middle school when I got some more physical strength, I've always ben crying.

All of the trauma planted in me came flashing back in an instance.

Perhaps it's the compensation for me always running away.

「 Isn't it because you're an idiot ! 」

「 You can just die 」

「 Why couldn't you do just this much ? 」

I wonder whose voice was that. A high-pitched female voice, it was so unpleasant that my body started to tremble.

Too much is just unreasonable isn't it. I didn't do anything wrong.

(TN: MC changed from "ore" to "boku" here)

My murmur was vanished in vain. (TN: Now back to "ore")

Unless I run away.

I frantically clung to something.

Something right before me.

Before I knew, I was clinging to Shalleze-san's waist.

I felt like she'll disappear if I let my hands go, strongly, I strongly clung to her.

I'm scared I'm scared I'm scared I'm scared I'm scared I'm scared

I felt like my brain became all sloppy, I hear unpleasant voices.  
I see a pale knee. I see a hand soaked in blood.

It's just imagination. Collect yourself, me.

Aaaaaaa.

My helpless feelings were laid bare.

That shouldn't be my parents.

What kind of face was I showing I wonder.  
She raised her small body, and hugged me.

「It's okay. That's why, please don't cry. I'll spoil my precious ikemen」

No good. I can't stop.  
Tears are still flowing from my eyes right now.  
This is no good.  
If this keeps up my pretense will be blown.

That's right, I'll trick her.  
I made up something non-existed.  
I'll have to do that to live on.  
But, it's already\_\_\_\_\_

It was that moment.

Shalleze kissed my cheek. (TN: Diabetes ga kitaaa)  
It softly, and slowly touched me.

All the dark feelings in my brain were liberated in one breath.  
Small beams of lights showed itself amidst the black darkness.  
Perhaps this curse is being lifted, a long long long curse.

Then after the kiss on the cheek, she gently whispered into my ear.

「Is there something painful? I'm always available for consult you know. So please don't worry yourself anymore. I'm always besides you, Ren-sama.」

I quietly shed tears in Shalleze's bosom.

That's right, I wanted support from someone. I wanted love. I wanted to be recognized. And I wanted someone by my side.

I wiped my tears with her dress' hem. (TN: Oi, jackass, wipe it on your own clothes, Jesus)

「 We'll be together from now on ? 」

「 Naturally. Until the day of death. Even to the day we were born again. Even if you don't want it I'll still be with you 」 (TN: Somebody call an ambulance, I think my sugar just went whacko)

She said so smiling.

# 6 Blade of Twin Swords

New chapter

---

## Blade of Twin Swords

Light slipped into the small opening of my eyes.  
So dazzling. It's white.

「 You're finally awake、 Shalleze was so worried you know 」

I heard a familiar voice. As I turned to face the direction where the voice came from, an old woman with wrinkled skin was there.

First of all, I raised my body from laying on top of the bed.

Who is this old woman? What kind of person is she? Would it be rude if I directly asked her, I wonder.

The old woman's strangely overfamiliar behavior confused my brain.

30 empty seconds passed by, the old woman played dumb and spoke.

「 You collapsed all of a sudden for some reasons, everyone was worried 」

Collapse? Did I collapse?

That moment, because there was an uncomfortable sensation at my feet, I changed my line of sight towards the side of my legs.

「 Shalleze-san... 」

She was sleeping, laying her face across my feet. My goodness that's a very cute sleeping face. I've been seeing it since forever\_\_\_\_\_

---

My brain began to work properly. My synapses snapped.

That's right, I remember now.

I recalled my embarrassing past, and then I couldn't help but cry.

The lies I used to conceal my weak self were torn off. That's probably the biggest shame I've ever had.

Putting on airs is falsely the same. (TN: 気取って、偽って、同一化させた。)

As I felt like my stale nature was exposed, I couldn't calm down.

Wouldn't I be despised, I wonder. Anxiety welled up inside me.

「Well it wasn't anything significant, I let you chew some medicines so it was easily dealt with」

「Wait a minute, I collapsed because I suffered a sickness?」

「Yeah, that's right. It's already 2, 3 days after you collapsed. That reminds me my grandpa also caught a cold. And because of that the old man\_\_\_\_\_」

I collapsed for 2, 3 days huh. Don't tell me, Shalleze-san has been watching over me. All the way up until now.

I stroked Shalleze's hair as her head was placed on the bed.

Her long, light brown hair fluttered.

「I'm sorry it's already too late but, can I hear your name?」

「Yeah, I am called Judou. My main occupation isn't a doctor or a pharmacist, I'm a swordsman」

Judou, I heard this name somewhere already.

The duo of Judou and Kedou. They are partners and a married couple.

The two of them are a living legend.

Each of them possesses one sword. It's the two people who would drive someone to the brink of death when their two swords are combined, it's something like "two items for one couple". (TN: The raw on this one is completely bizarre, I can't make sense out of it without total rephrasing)

「The Blade of Twin Swords...」

It's the legendary duo, and Rim's master.

Right now they already retired to live inside these mountains.

「For me to produce a medicine that's effective against your illness, I even had to borrow help from a Priest. Well since it looks like it worked, we managed somehow.

\_\_\_\_\_leaving that aside.」

It was a one-sided conversation. As the old woman finished her speech, her tone dropped low and her expressions turned grim.

「What is it?」

I asked.

「No, I just think that you're not really this age. Well there are guys with a difference in appearance and real age.

From elves to vampires, and also one part of demon-race is also the same.

I got sidetracked, I'll speak honestly.

Your real age and appearance do match. But however, your mental age is different right?」

「...」

Does she know about something? About reincarnation.

I know that reincarnation in this world isn't rare.

Though I said it's not rare, I never heard about another example aside from myself.

But, it's only me that haven't heard about it, the world is vast. Perhaps, if you search every nook and cranny around the world,

you'll find at least one person.

Then, before my very eyes, is a legendary adventurer who traveled here and there to every country.

「 Can I ask one thing ? 」

「 Yeah、 ask me anything。 If you can leave a gift behind、 then two of them is better than one isn't it 」

「 Before being born into this world。 I was living in a different world、 or rather, having memories of past life, have you ever heard about that kind of story ? 」

The old woman immediately replied.

「 I have not。 Even I have traveled the world to this extent、 listened to gossips、 fairy tales and wordly stories、 unfortunately such thing doesn't exist inside my memories。 」

「 I see 」

If there was another person like me, wouldn't it cause a great commotion?

But if there was no such commotion, it's safe to think that it's natural for her to say she hadn't heard about it.

I felt relief hearing 「 I have not 」 from the person who originally was a traveller.

Especially an otherworld, on top of that it kills the fun because I drag along with me things from the previous world.

「 Well that kind of story、 haven't heard about it。  
Then what of it、 are you one of those ? 」

「 Well who knows。 It can't be true right。 」

「 Fu、 well that's obvious。 Everything of souls and flesh are the creation of God's Stardust、 even if it's just a joke, saying things like that would make you receive the divine punishment 」

That's frightening. Super frightening.

This isn't Japan, religious-related things are scary. I want to stay away from delicate problems as much as possible.

If I don't want to be cursed by God, I better not tell my reincarnation story to people.

◆ I put on my tryhard pants today for this chapter, hopefully there's no stupid grammar mistake.

## 7 Sleeping

Shalleze wifu desu~

---

### Sleeping

「N、nn〜」

Shalleze-san woke up.

Normally she woke up earlier than me, so I didn't see her sleeping appearance too much.

That's why, Shalleze-san's sleeping appearance is pretty rare to see.

「Wha、Ren-samaa」

So cute. Her half-asleep appearance is unbearable. She's normally a reliable person so the gap is all the more greater.

「Re、Re、Ren-sama！」

「Al、e」

She suddenly clung to me, so I let out a confused voice.

「Ren-samaa、I was so worried。 Are you okay？」

She pushed me down on the bed, and tightly hugged me.

My hands could feel Shalleze's chest. So soft. And so warm.

「Well、un。 Umm、 thanks for nursing me」

Because it was embarrassing, so I expressed my gratitude a little bit bluntly.

She's always been devoting herself for my sake, so at least I wanted to say some words of thanks.

「 Well I'm glad that you got better. 」

The old woman said so. I almost forgot about her existence. Shalleze also seemed to not notice Judou being here, she changed into her usual serious Shalleze mode.

「 Ah. Judou-sama, you also came here today. I'm sorry I showed an unsightly appearance. 」

「 It's fine, it's fine. That reminds me, there's also another business 」

「 What could it be ? 」

Shalleze tilted her head.  
Another business. I wonder what could it be.

「 It's about Rim... 」

「 Thank you as always 」

「 It's fine. That aside, she has talents for swords. What do you say if I suggest giving her training from the Imperial Knights... 」

What does this mean, I wonder. If she has talents for the sword, then isn't it good to just receive training from Judou, from the living legends themselves?

「 Our kenjutsu is a little bit special, we've only taught that girl the basics.

Since even if we taught her our kenjutsu it wouldn't benefit her, wouldn't it be better for her future to have her train with Imperial chivalry first ? , is what I'm talking about 」

「 That girl mastered the basics thanks to her talents, she showed promises for future growth.

It's a talent that perhaps would even surpass us.

However, if her effort is mistaken, her seed won't be able to sprout and it'll be the end right. 」

「 I won't force her. But the chance to get into the Imperial Chivalry Elementary School is only now. Sorry because it's too

urgent. Then I'll be going home」

「T、Thank you very much」

Since Shalleze expressed her gratitude, I also bowed my head.

That reminds me, I heard that Judou kenjutsu is something special. It's because of Judou's unique skill.

「Shared Thoughts」 is what this skill is called. It's an ability that allows people with mutual love to talk through Telepathy.

Seems like unique skills are something a person have since birth, there is no method of acquisition. Of course, it's also a concept not existed in the game.

A paradox kenjutsu that utilized unique skill. If Rim can memorize the kenjutsu that requires 「Shared Thoughts」, she'll be able to learn the generic kenjutsu at the imperial capital.

Seems like Rim is practicing swinging her sword somewhere right now. I can be at ease since I receive special training for magic, not physical training.

Muscles training and running, they're not something I'd choose to do. Of course, even if I'm forced to do it I'd still have zero motivation to do it.

The Sun completely went down and it's night time.

As the food was lined up on the dining table, everyone sat into the round table.

「Mother...」

Rim raised her voice.

「Please. Send me to the Imperial Capital.」 (TN: FYI, I dropped Mushoku and Gun Ota because the cliché separation of childhood friends...so if this one turns bullshit that way I'll say goodbye)

「Why is it?」

「I want to become stronger than right now. I want to polish my sword, and become famous as a proud swordswoman」

「That's good...you gave it some consideration. How about Ren-sama?」

「Ah, I think that's good」

The relationship between me and Rim isn't that good.

Perhaps, right now she hates being the servant of her younger brother.

「It's good. I'll accept Rim going to the Imperial capital. However, you have to study to become a knight with pride」

「Yes」

Her high-spirited answer resounded the house.

I tidied up the tableware. The fact that I've had Shalleze-san does it for me all the time is weighing on my mind, that's why I proposed to help.

As we finished up doing that, Shalleze-san opened her mouth.

「Today why don't you two go ahead and enter the bath first?」

「Yes」

「Ye...s」

My loud answer outstood Rim's small answer.

I wonder where did her vigor just earlier go.

I headed towards the bathroom with quick footsteps.

---

◆ Based on the title of the next chapter, there will potentially be ecchi loli tomorrow, do look forward to it.

## 8 With the young girl

Nothing too ecchi.

---

### With the young girl

Me and Rim headed towards the bathhouse.

I took off my clothes inside the washroom, and entered the bathroom.

Steam was drifting all around.

Rim entered right after me.

Rim was looking this way too much, so I also stared her way.

「What、 is there something ? 」

Asking so, Rim sank into silence.

The silence was unpleasant, so I raised my voice.

「N、 Nothing 」

Rim immediately averted her eyes.

A little embarrassed, Rim opened her mouth.

「H、 Hey、 sit down here 」

She gave instructions with upturned eyes and flushed cheeks. As told according to that, I sat down on the wooden stool.

「Onee-chan's going to wash you 」

Rim bubbled her hands with soap, spreading it all over her body. Her flat chest, her smooth vagina, and her not-so-white skin too, were gradually covered with bubbles.

「What are you doing ? 」

「Because Mother also does this right? 」

She learned from watching Shalleze-san washing my body, so her way of washing has also become erotic.

A 6-year-old girl with her whole body covered with bubbles, is now clinging and crawling on my back.

Clinging to my back as is, she washed me everywhere.

It was as if Rim was a towel, washing my whole body.

Compared to when she finished washing my back, she was desperately washing my front.

「Sorry、 seems like I can't reach 」

Rim said so, embarrassed.

Reaching out her short arms, she washed my front body from behind.

The other party is a young girl, so I guess I have no excitement.  
(TN: Bullshit. I know your mind as an old virgin reacted)

As I kept thinking to myself, I somehow endured it.

Even if I deceived myself, I don't seem to be able to go against my instincts.

I'm still being quiet, but I can't calm down to the feeling of collapsing my reasons anytime right now.

「Sorry、 I can't reach that place、 so I'll go to the front 」

Rim said so. Leaving behind cute footprints, she stood dauntingly before me.

Rim is earnest. Because she can give such a firm reply at this age. Of course, she's also good at studying.

She's doing this with nothing but pure feelings isn't she.

Without the slightest bit of indecency, it is purity that is the most important thing for a noble and truthful child.

Rim reached her hands to my crotch. (TN: Remember kids, this is PURITY)

「Men have this thing grow huh。 Strange」

That time when I went in here with Shalleze-san, I didn't touch, no, she didn't let me touch it and touched my meat stick herself.

She played with it innocently out of curiosity.

She swayed it around, playing with the skin, stretching it.

「Yeah this is strange」

Rim tilted her head.

Are you done playing. I endured the urge to tsukkomi.  
For now let's thank her.

「Rim-nee-chan、 thanks」

「Fufu、 you're welcome」

Up until now, I never respected Rim as an older sister.

That's right, even now my inner thought is saying so.

The world is circular so we'll be caught up in it right. (TN: 世界が世界なら捕まっているだろう。)

I'm by no means a lolicon.

But, what's wrong with reaching out my hands to a girl my age.  
(TN: Huehuehue)

With the feeling of harvesting the rice while the fields are still green, I think it's fine if I am to invest into the future. If I'm 6 years old then I'll view this as a 6 year old.

Previous life memories? It's just something like a baby's dream right.

I drew out a self-suggestion that I don't even understand.

「Then Rim will also wash here」

It was covered by the skin, so she used her fingers to peel it.

It wasn't perfectly peeled, except for the head.  
She used her finger to touch the glans that is always hidden.  
It's really sensitive so I became terribly excited.

「It's dirty」

With her slender fingers, she rubbed the dirt away from my peeking glans. It became more sensitive, so I clutched my legs.

I was filled with the sensation of being wrapped up gently.  
Occasionally, though forcibly, there's the charm of her inexperience.

「That's some considerable points when you washed that」 (TN:  
You know, affection points)

I said so.

「I'm glad I behaved like an onee-chan in the end.  
A、And then when I graduate we'll take a bath everyday、  
together」

Rim had a broad smile while stroking my small meat stick.

It was the first time I felt like closing the distance between me and Rim. Perhaps hanging out naked is actually an important matter.

Gacha.

There was the sound of the door opening.

「You're quite intimate aren't you」

Shalleze-san entered.

◆ One more chap before catching up with Author.

◆ After this I'll do maybe one The girl from yesterday, then Grassland will be back with possibly a new project.

## 9 Choice

Caught up with author.

### Choice

Shalleze-san smiled sweetly.

「M、Mother、 did I wash him properly」

With a tensed condition, her face was a little red because she felt uncertain.

「Not yet you see。 Please watch。 」

Shalleze-san drew near, and sat down.

She pecked her lips on my cheek gently, reaching her hand to my meat stick.

She soaked her hands with saliva, wrapping me up with both hands.

I got excited, and it got big.

「Fufufu」

Shalleze let out a small laugh.

It's a bit embarrassing.

She moved her wet hands slowly up and down, peeling the skin bit by bit.

It wasn't peeled too much, but the head already came out a little. The bright red glans exposed its tip.

Sitting next to me with great interests, Rim turned her line of sight towards my crotch with a serious expression.

「 It grew big... 」

She was amazed.

While tracing her hands slowly, the lewd maid dripped saliva on my meat stick and spread it with her hands.

She tormented me slowly and carefully. I came to the thoughts of this young and sensitive meat stick would finally burst out.

「 Ren-sama sure is cute 」

Feels so good. I'm not ejaculating, but I was attacked with the pleasures alone.

She played with me for quite some time with her fingers carefully stroking me.

「 Rim, want to try doing it ? 」

「 Yes、 I also want to do it like Mother。 」

「 Then move your hands like this... 」

With Shalleze-san attentiveness, the small palms wrapped up my meat stick.

It felt different than the inexperienced hands earlier. It's not on the level of Shalleze-san, but it feels good.

The young girl's soft hands stroked up and down.

Shalleze-san didn't make any gesture with her empty hand, instead she massaged the bottom of my balls.

I was massaged with a warm feeling, meanwhile the soft small hands are stroking me up and down.

Since I didn't ejaculate, the pleasant kept on going. Somehow it felt like it would continued forever.

If anything, I want it to continue forever.

I drowned into pleasures.

Her long hair hung over her ear, Shalleze stopped the movements for a second.

And as if cooperating, Rim also stopped her hands.

「 Let's stop here today okay 」

「 Yes 」

Rim responded.

I want more. Is it already over?

「 It、 It felt good、 more more 」

「 Fufu、 I'll do it everyday。 So let's leave it here today 」

She bowed her head, kissing my meat stick, which got big, with her lips.

「 Now、 let's enter the bath。 」

I can't be helped, I entered the bathtub.

If it's like this then I had no choice but to obey.

The three of us submerged into the bathtub, the water vigorously overflowed.

Using the fact that I'm still a kid, I sat on top of Shalleze's lap.

「 It feels nice isn't it 」

The bath was really warm with the most suitable temperature. Also, entering with these two people is fun.

「 Yeah 」

Rim quietly nodded, leaning her head on my shoulder.

「 Right、 the three of us entering the bath is really pleasant isn't it 」

Shalleze-san gently patted mine and Rim's head.

Feeling the fatigue of the whole day, I sensed something pressing against my back.

It felt soft. I felt the voluptuous breasts from across my back.

Rim anxiously looked down and said.

「I'm going to the Imperial capital huh」

She's leaving the arms of her parent, living a solitary life. It's harsh even in normal circumstances, much less for a 6 year old.

It's a serious decision.

If she enters the school for Imperial knights, I won't be able to meet Rim for several years.

She's arranged to join a female knight school.

Up until now she hasn't been able to play with kids her age aside from me.

Will she be influenced by the kids in the same generation in a good way?

For some reasons, I was worried.

Rim is strong-willed, her pride is high, her sense of justice is strong.

Yeah. From my experience, I think this is quite a thorny path.

There's a great difference when it comes to me whose mind is weak, with no pride and sense of justice, so perhaps she'll splendidly adapt herself. Somewhere inside my heart those thoughts popped up.

However, if it's her then it's okay.

It's baseless, but I thought so. Perhaps that was too irresponsible.

「It's the path Rim chose so it's okay. I already set my heart on magic, so next time we meet Rim must become the strongest swordswoman okay」

While Rim polished her sword, I'll focus on magic. I spoke with

those feelings.

With her high pride, she'll get even more fired up if there are rivals.

Honestly, Rim's future is influenced by my words.

Rim was born and is living as my servant.

It can't be helped that she doesn't have any freedom and is tied.

At least I want her to do what she likes when she's still young.

I think I want to let her move on the paths she chose as much as possible.

「Right. If it's Rim then it's okay」

「Thank you. Still, I'm going to the Imperial capital.

I'll also become much stronger than Ren and protect you. Got it?」

「Yeah」

I nodded.

◆ We're finally caught up with the author, he's not updating new chapters though. When I first found this series he was updating daily.

◆ Anyways, I'll probably do The Girl From Yesterday tomorrow, then get back on Grassland and maybe a new series.
